

DBDA-VA

This test is in two parts, each timed separately.

In **PART I**, first look at the word in capital letters. Then, from the five words that follow, find the one that *means the same thing* as the word in capitals, and mark that answer in this booklet, in the box given below.

An example follows. Mark the correct answer on your booklet in the box for **EXAMPLE X**.

EXAMPLE X :

ATTEMPT : a. hit b. try c. falter d. walk e. quarrel
☐ ☐ ☐ ☐ ☐

Since ATTEMPT and TRY mean the same thing, b. *try* is the correct answer. Therefore, you should mark × in the box below 'b' in the booklet.

In **PART II**, first read the saying or proverb in capital letters. Then, from the five sayings under it, find the one that *means the same thing*, and mark that answer on your booklet.

An example follows. Here also, mark the correct answer of Example Y,

EXAMPLE Y :

LET ANOTHER'S SHIPWRECK BE YOUR GUIDE AT SEA

- ☐ a. one man's meat is another man's poison
- ☐ b. ships fear fire more than water
- ☐ c. wise men learn from other men's mistakes
- ☐ d. the worst things happen at sea
- ☐ e. chart a careful course

Since LET ANOTHER'S SHIPWRECK BE YOUR GUIDE AT SEA means about the same thing as WISE MEN LEARN FROM OTHER MEN'S MISTAKES, you should mark c on the booklet.

Work as quickly and accurately as you can on both parts. You will have 4 minutes for PART I and 3 minutes and 30 seconds for PART II. If you are not sure of the right answer for an item, mark the choice that is your best guess.

When you have finished PART I, please STOP, do not turn to PART II.

PLEASE WAIT FOR THE INSTRUCTIONS TO START.

STOP. PLEASE WAIT FOR THE INSTRUCTIONS TO GO FURTHER.

DBDA-VA PART II

(3 minutes 30 seconds)

16. STRIKE WHILE THE IRON IS HOT

 - ☐ a. Take things as you find them
 - ☐ b. Hot love is soon cold
 - ☐ c. Make hay while the sun shines
 - ☐ d. First think and then speak
 - ☐ e. Look before you leap

17. IT NEVER RAINS BUT IT POURS

 - ☐ a. cloudy mornings turn to clear evenings
 - ☐ b. misfortunes never come one at a time
 - ☐ c. easy come, easy go
 - ☐ d. the least predictable thing in life is the weather
 - ☐ e. every cloud has a silver lining

18. LET SLEEPING DOGS LIE

 - ☐ a. as you make your bed, so you must lie on it
 - ☐ b. do not keep a dog and bark yourself
 - ☐ c. there will be sleeping enough in the grave
 - ☐ d. never look for trouble; let trouble look for you
 - ☐ e. an old dog does not bark for nothing

19. THERE IS NO VENOM LIKE THAT OF THE TONGUE

 - ☐ a. the tongue of an idle person is never idle
 - ☐ b. talking pays no toll
 - ☐ c. few words are best
 - ☐ d. words cut more than swords
 - ☐ e. bad news travels fast

20. IT IS ALWAYS DARKEST BEFORE THE DAWN

 - ☐ a. the longest day means the shortest night
 - ☐ b. what is done by night appears by day
 - ☐ c. he who runs in the dark may well stumble
 - ☐ d. he who gropes in the dark finds what he would not
 - ☐ e. when things are at the worst they will improve

21. ALL THAT GLITTERS IS NOT GOLD

 - ☐ a. don't judge a book by its cover
 - ☐ b. all men can't be masters
 - ☐ c. gold dust blinds all eyes
 - ☐ d. money is the root of all evil
 - ☐ e. riches alone will not make a man happy

22. TOO MANY COOKS SPOIL THE BROTH

 - ☐ a. too much praise is a burden
 - ☐ b. too much consulting confounds
 - ☐ c. truth needs not many words
 - ☐ d. actions speak louder than words
 - ☐ e. when needs is highest, help is highest

23. A STITCH IN TIME SAVES NINE

 - ☐ a. it is never too late to mend
 - ☐ b. time cures all things
 - ☐ c. prevention is better than cure
 - ☐ d. take time while time is, for time will away
 - ☐ e. it is no use crying over spilled milk

24. LITTLE STROKES FELL GREAT OAKS

 - ☐ a. step after step the ladder is ascended
 - ☐ b. great strokes make not sweet music
 - ☐ c. tall oaks from little acorns grow
 - ☐ d. oaks may fall when reeds stand the storm
 - ☐ e. little things please little minds

STOP. PUT YOUR PENCIL DOWN. DO NOT TURN BACK TO MAKE ANY CORRECTIONS.

DBDA-NA

This test is made up of short number problems. Each problem is followed by five choices. You are to choose the correct answer and mark it on your booklet. Work as *quickly* and *accurately* as you can. Two examples follow. Do them for practice. Do any figuring on the ROUGH WORK box given below. Mark the correct answers on this booklet, by putting a 'X' mark in the box given under each choice.

EXAMPLE X :
ADD: 47 a. 231 b. 241 c. 153 d. 261 e. 243
194 ☐ ☐ ☐ ☐ ☐

EXAMPLE Y :
 $\frac{1}{2} + \frac{1}{4} =$ a. $\frac{1}{8}$ b. $\frac{3}{5}$ c. $\frac{3}{4}$ d. $\frac{1}{3}$ e. $\frac{1}{2}$
 ☐ ☐ ☐ ☐ ☐

For EXAMPLE X, the correct answer is b. 241, so you should fill in the box b on Your this booklet for EXAMPLE

X. For EXAMPLE Y, the correct answer is c. $\frac{3}{4}$ so you should fill in the box c with a 'X'.

Work as *quickly* as you can to finish as many problems as possible. You will have 5 minutes 30 seconds. If you are not sure of the right answer for a problem, mark the choice that is your best guess.

When you have finished the problems, please STOP. Do not turn to other pages.

ROUGH WORK

☐ ☐ ☐ ☐ ☐

STOP. PUT YOUR PENCIL DOWN. DO NOT TURN BACK TO MAKE ANY CORRECTIONS.

In this test, you will see a word at the left side of the page, with parts of the letters missing. This "incomplete" word is followed by five "jumbled" words. You are first to use your imagination to figure out what the incomplete word is. Then find, among the five scrambled choices, the one that has the right letters to spell the incomplete word. Look at the following example :

scorc

a. chrsu

b. recsu

c. osher

d. roesc

e. rtose

You would first look at the incomplete word on the left and try to figure out what the word is. When you see that the word is *score*, you look at the five jumbled choices on the right and see which one contains the letters of the word *score*. The correct answer is *d. roesc*. None of the other four has all the letters in the word *score*.

Now try another example. This time mark 'x' your answer in box below the correct answer. Work as quickly as you can.

EXAMPLE X :

ladder

a. rldead
☐

b. trlate
☐

c. cdtroo
☐

d. urldde
☐

e. urderd
☐

The word on the left is *ladder*, and only choice *a. rldead* contains all the letters in the word *ladder*. Therefore, you should mark 'x' in the box below a.

The incomplete words on the next pages vary in length. There are no capital letters in any of the words.

Work *quickly* to finish as many items as you can. You will have 5 minutes for this test. If you are not sure of the right answer for an incomplete word, mark the choice that is your best guess.

If you finish before time is called, please *STOP*. Do not turn to other pages.

PLEASE WAIT FOR THE INSTRUCTIONS TO START.

STOP. PUT YOUR PENCIL DOWN. DO NOT TURN BACK TO MAKE ANY CORRECTIONS.

DBDA-SA

In the following pages, there are drawing of all kinds of figures, and you have to imagine them in different positions. In each row, left of the vertical (up and down) line, there is one figure-called "Sample Figure". The Sample Figure is followed by six "Test Figures". Some of the Test Figures will be the same as the Sample Figure, but just turned "around". For example, here are some which are the same:

S = the same (only turned around)

SAMPLE FIGURE

TEST FIGURES

NOTE: The Test Figures are the Sample Figure turned around.

Some of the Test Figures will be reversed from the Sample Figure; that is, they will look like the Sample Figure would look if it was turned "over". In some cases, the Test Figure will be turned "over" and turned "around"; other times it will just be turned over. For example, here are some Test Figures that are reversed:

R = Reversed (or turned over)

SAMPLE FIGURE

TEST FIGURES

Note: Here the Test Figures looks like the Sample Figures turned over, or turned over and then turned around.

If a Test Figure is the same as the Sample Figure, fill in the S box for that number, given below the figure reversed from the Sample Figure, fill in the R box for that number, given below the figure.

Examples: The following examples are like those you will find on the next pages. The answers for the examples are marked for you. Look at each one of the six Test Figures-X1 to X6-below, decide whether it is the same (S) or reversed from (R) the Sample Figure, and then check your answers with those that are marked. Remember, some of the six will be the same, but turned around. Others will be reversed or turned over and, in some cases, then turned around.

SAMPLE FIGURE

TEST FIGURES

Notice that Test Figures X1.X4 and X6 are the same as the Test Figures. They are simply the Sample Figure turned around. X2.X3 and X5 are reversed from the Sample Figure. In X2, the Sample Figure was only turned over, and in X3 and X5, it also turned around.

PLEASE GO ON TO THE NEXT PAGE....

So in this booklet, you see the S (Same) box marked for X1.X4 and X6. and the R (Reversed) box marked for X2.X3 and X5.

Now try another example, marking your answers in the Example Y1-Y6 box on the booklet. Work as quickly as you can.

SAMPLE FIGURE

S R
Y1 ☒ ☐

S R
Y2 ☐ ☒

S R
Y3. ☐ ☒

S R
Y4. ☒ ☐

S R
Y5. ☐ ☒

S R
Y6. ☒ ☐

Test Figures Y3.Y5 and Y6 are the same as the Sample Figure (turned around), so you should have filled in the S box for these examples. Figures Y1.Y2 and Y4 are the Sample Figure turned over and you see that Y2 and Y4 are turned over and turned around. So the R box should have been filled in for these examples.

On the next pages, there will be one Sample Figure and six Test Figures in each row, as in the examples. After doing the six items (1-6) in the first row, go right to the next row and do the next Test Figures, with a new Sample Figure. Continue to work each row until you finish, or until time is called.

Be sure to mark S or R for each of the six Test Figures in each row. You will have to work very quickly to finish. If you are not sure of the right answer for an item, mark the choice that is your guess. If you finish before time is called, please STOP. Do not turn to other pages.

PLEASE WAIT FOR THE INSTRUCTIONS TO GO FURTHER.

Name: _____ Date: _____

Age: _____ Sex: _____

Class/Occupation: _____

Address: _____ Ph: _____

Find the space for **MA** on your Answer Sheet or mark your answers in this booklet. Do as directed. In this test, you will answer questions about *mechanical facts and principles*, by marking one of the five choices given. Sometimes there will be a picture with the question; sometimes not. Some examples follow. Mark the correct answers in the boxes for **EXAMPLES X, Y, and Z**.

EXAMPLE X:

If gear X is locked in its place, but can turn, and is turning in the direction of the arrow, which way is the *Plate* moving?

- a. A
- b. B
- c. first A, then B
- d. first B, then A
- e. the Plate is not moving

EXAMPLE Y:

Which is this tool?

- a. wrench
- b. pipe wrench
- c. scissors
- d. pliers
- e. clamp

EXAMPLE Z:

Any material that electricity will pass through is called a(n)

- a. insulator
- b. magnet
- c. transformer
- d. filament
- e. conductor

**Mark Your
Answers Here**

a b c d e
☐ ☐ ☐ ☐ ☐

a b c d e
☐ ☐ ☐ ☐ ☐

a b c d e
☐ ☐ ☐ ☐ ☐

The correct answer for **EXAMPLE X** is **a**, since the plate would have to move in *direction A*. For **EXAMPLE Y**, the answer is **d**, *pliers*, and for **EXAMPLE Z**, the answer is **e**, *conductor*. Therefore, you should have filled in the **a**. box for **EXAMPLE X**, the **d**. box for **EXAMPLE Y** and **e**. box for **EXAMPLE Z**.

Work as quickly as you can. You will have 9 minutes for all the items on this test. If you are not sure of the right answer for an item, mark the choice that is your best guess. If you finish before the time is called, please **STOP** and do not turn to other pages.

PLEASE WAIT FOR THE INSTRUCTION TO START

On what material would this *chisel* be used?

- a. metal d. wood
b. cement e. glass
c. plastic

12.

In what direction and how fast is Wheel X turning as the Treadle moves in the direction of the arrow?

- a. direction A and faster than wheel Y
- b. direction A and slower than wheel Y
- c. direction B and faster than wheel Y
- d. direction B and slower than wheel Y
- e. direction A and the same speed as wheel Y

a b c d e
☐ ☐ ☐ ☐ ☐

13. A basic part of many *thermostats* is

- a. a knife switch
- b. a bimetallic strip
- c. a spring-activated relay
- d. an electromagnetic relay
- e. a photo-sensitive activating device

a b c d e
☐ ☐ ☐ ☐ ☐

14.

What do we call the part of this tool that is marked with an X?

- a. bit
- b. housing
- c. chuck
- d. reduction gear
- e. key

a b c d e
☐ ☐ ☐ ☐ ☐

15.

This tool is used by a mason for:

- a. making holes
- b. measuring thickness of walls
- c. cementing bricks
- d. examining the straightness of walls
- e. writing on the walls

a b c d e
☐ ☐ ☐ ☐ ☐

16. An *automobile carburettor*

- a. provides a coupling between front and rear wheels
- b. changes direct electrical current to alternating current
- c. allows the rear wheels to turn at a greater speed
- d. converts the up and down motion of the pistons
- e. allows the mixture of air and petrol

a b c d e
☐ ☐ ☐ ☐ ☐

END OF TEST

DBDA-CL

Name: _____ Date: _____

Age: _____ Sex: _____

Class/Occupation: _____

Address: _____ Ph: _____

Find the space for **CL** in your Answer Sheet or mark your answers in this booklet. Do as directed. The next page contains 72 pairs of letters or numbers, which are either *same* or *different*. If the pair is *exactly the same*, you are to mark the *S* box for that. If the pair is *different* in any way, you are to mark the *D* box.

Look at the examples given below. Mark an *S* box if both the parts of a pair are the *same* for that example. Mark the *D* box if the parts are different in any way.

EXAMPLES:

U.	TRSPUVGY	TRSUPVGY	<input type="checkbox"/> S	<input type="checkbox"/> D
V.	10295364	10295364	<input type="checkbox"/> S	<input type="checkbox"/> D
W.	lmjarpb	lmjarpb	<input type="checkbox"/> S	<input type="checkbox"/> D
X.	73642519	73462519	<input type="checkbox"/> S	<input type="checkbox"/> D

Since in EXAMPLES V and W both parts of each pair were the *same*, you should have marked *S* box for these examples. In EXAMPLES U and X, the parts of each pair were *different*, so you should have marked the *D* box for these two examples.

The idea is to see how quickly and accurately you can decide whether pairs are the same or different, so work *as quickly as you can* without sacrificing the accuracy. If you are not sure of the right answer for a pair, mark the choice that is your best guess.

If you finish before the time is called, please **STOP** and do not turn to other pages.

PLEASE WAIT FOR THE INSTRUCTION TO START

REMEMBER: S = Same; D= Different

END OF THE TEST

Name: _____ Date: _____

Age: _____ Sex: _____

Class/Occupation: _____

Address: _____ Ph: _____

Find the space for **RA** in your Answer Sheet or mark your answers in this booklet. Do as directed. On the next page there are 12 rows of letters. In each row, you are to look at five sets of letters. *Four* of the five sets follow a certain rule. One set *does not*. On your Answer Sheet (or this booklet), you are to mark the letter of the one set that *does not* follow the rule.

Look at the following example:

a. BBLJ b. TTRU c. FWZP d. XXBK e. MMEO

Here you see that in four of the sets, the *first two* letters are the same. In the other one, *c. FWZP*, this rule is *not* followed, so the correct answer to this example is *c*.

Please note that the rules are *not* based on *sounds, shapes or types* (vowel or consonant) of the letters.

Now try another example:

EXAMPLE-X:

a. ABCD b. GHIJ c. LMNO d. QSRT e. VWXY

In four of these sets, the letters follow one another in alphabetical order. However, in one set, *d. QSRT*, this is not followed, because the S and R are not in the right alphabetical order. Therefore, you should have filled in the *d*. box on your Answer Sheet (or this booklet).

Work *quickly* to finish as many items as you can. You will have *5 minutes*. If you are not sure of the right answer for an item, mark the choice that is your best guess.

If you finish before the time is called, please *STOP* and do not turn to other pages.

PLEASE WAIT FOR THE INSTRUCTION TO START

In this test, you are to draw lines on a page full of figures just like this:

Working as *quickly* and *carefully* as you can

- (1) draw a line freehand all the way around between the outer and inner squares, and then
- (2) draw a circle around the dot.

EXAMPLES:

Be careful

- (1) not to let your line touch either of the squares or the dot, and
- (2) to make the lines complete; that is, go all the way around between the squares and around the dot.

The following would not get a point because the line either touched one of the squares or the dot, or it was incomplete.

Don't use a ruler to draw the lines. All pencil marks must be drawn freehand. *Finish each figure completely before going on to the next one.* Please note that erasers are not allowed in this test.

Your score will be number of figures with correctly drawn lines, so you should do this test as fast as you can without making errors.

EXAMPLES:

For practice, do the following examples as quickly and accurately as you can. You will have 30 seconds:

Make sure you have a sharp pencil ready. If not, sharpen the pencil before you start this test. You will have **5** minutes for doing this test.

PLEASE WAIT FOR THE INSTRUCTION TO START

END OF TEST
